PUBLIC COMMENT ON TURKEY, UPLAND GAME BIRD, & MIGRATORY
BIRD PROPOSALS
COMMENTS RECEIVED AS OF DECEMBER 27, 2019

1. Meagher County and Judith Basin are currently the only counties in the state that do not have a turkey season, yet they have huntable populations of turkey in them. For example, numerous flocks of turkey inhabit the Smith River corridor, on public land. Please either include these counties in the General Hunting Area or create a 'Special Drawing License Area' for them. Thanks for considering this simple suggestion for improving hunter opportunity.
